

2026 Pioneers Oral History Project

Susan Child, FASLA, (1928-2018)

2026 Sponsorship Opportunities: The Cultural Landscape Foundation
Pioneers of American Landscape Design® Oral History Projects, with Mario Schjetnan

Pioneers oral histories are an ever-growing, award-winning series of videotaped first-person interviews with significant practitioners. Now featuring nineteen oral histories, the series examines each designer's personal and professional history, their overall design philosophy, and how that approach was carried out in their most emblematic projects.

Unlike the majority of the foundation's past oral histories that were undertaken with the participation of the pioneering subject, Child's story will be documented and recounted via colleagues, scholars, clients and family.
